3<sup>rd</sup> International Congress  
Advances in the Packaging Industry  
"Sustainability: Products and Processes"

Napoli (Italy),  
November 11-12, 2021  
((( Virtual Edition )))

## API CONGRESS BECOMES VIRTUAL

After the success of the previous editions held in Naples in 2015 and in Milan in 2017 and after the stop due to the covid 19 pandemic which did not make the organization of the 3rd API Congress possible in 2020 as scheduled, we decided to organize it in 2021 in **VIRTUAL MODE**. After 4 years from the last edition, we believe that a debate among the experts in the field can no longer be postponed as it is necessary to share the latest updates and cutting-edge ideas related to the flexible packaging sector. Academic and industry experts will cover wide range of topics relevant to innovations and future challenges.

**We look forward to meeting you online on November 11 and 12, 2021**

Domenico Acierno  
Alberto Palaveri  
*Congress Chairs*
